Drive Cones at Will*

## **TEAM & INDIVIDUAL BARREL RACE RULES**

*3 on a team of varied sizes*

*Team must have a name*

Drive barrels in the usual western barrel racing pattern.

Cones taken on choice - you trot them in any order from either direction as long as while you are out there driving your barrels you also pass through all 3 sets of cones.

*ie: you can do a barrel turn then a set of cones then another barrel, etc. The first (or 4th) set of cones are entry markers for timing so you must pass through them as well.*

You don't have to use that exact pattern.

You can go any way you want as long as you take the 3 barrels in the right order and direction you can fit the cones in any way you like. ***You Must completely circle each barrel***

Team drivers go one after the other—time starts when 1<sup>st</sup> driver crosses start & stops when last driver crosses finish

This is the barrel and cones pattern

Enter at the trot & remain in trot until after last barrel

If you break into canter must return to trot within 3 strides

***Canter allowed after last Barrel to finish***

1<sup>st</sup> – 3<sup>rd</sup> ribbons for teams and for Individual with quickest time

This is the barrel set up with cones that shows a potential way it can be driven incorporating the cones and circle the barrels correctly.

You and your team can create your own strategy to work for your best time.
